

CHE, Sempach Station, Adhesive Technologies

Junior TCS & Certification Manager (d/f/m)

HENKEL IS FOR THOSE WHO STEP UP. DO YOU?

At Henkel, you can make a difference and craft your career. That's why you own your projects and take full responsibility from an early stage. Our unique brands in markets around the world open up opportunities to follow your convictions and explore new paths. If you have an entrepreneurial mindset that allows you to always think out of the box- take the chance and shape the digital future together with us.

Henkel Adhesive Technologies is the leading solution provider for adhesives, sealants and functional coatings worldwide, with more than 26,000 employees and €9 billion in sales. Through our Engineered Wood business, we drive a transformation in the construction industry where sustainable buildings from engineered wood replace traditional materials such as concrete and steel. Henkel's high-tech adhesives are crucial for the production of safe and sustainable engineered wood, and thus enable a significant reduction in the buildings' carbon footprint.

The Junior TCS & Certification Manager strengthens our global team in technical customer service (TCS) to further drive business growth in Engineered Wood.

YOUR ROLE

- Surveillance of standardization procedures in different industrial standards and Eco-label committees
- Screening and management for Eco-Labels, Environmental product declarations and Life cycle analysis
- Project management and communication of diverse internal and external technical or certification activities
- Evaluation of executive summaries of technical documents, test reports, draft standards, association meeting protocols
- Maintenance of technical documentation
- Assistance in alignment of CTQ (Critical to Quality) criteria for development of new adhesives
- Lab work to prepare samples, run tests, evaluate adhesive performance

YOUR SKILLS

- Master degree in the field of wood engineering, wood technology or ecology and sustainability
- Experience in a complex regulatory environment (certification, building codes, eco-labels...)
- Integrative personality with entrepreneurial flair, with interest in complex projects
- Good communicator; ability to interact at all levels of the organization
- Openness to work with wide variety of stakeholders, internally and externally
- Willingness to travel on business in Europe
- Fluency in English and German, additional languages in major markets a plus

OUR OFFER

- Dynamic and motivated team environment
- Flexible Working conditions (incl. Home-office)
- Development, training and professional growth opportunities on-the-job in an international environment
